Dear Mr.Tarmizi,

I refer to the email from Ms.Ainaa and the telephone conversation between your goodself and Ms.Ainaa this afternoon. While we truly appreciate all your assistance and guidance throughout the procurement process for not only the Creative Team but also the Lead Consultant despite your constraints, I do appreciate it if there could be more clarity and certainty in the procedures and processes.

I was made to understand that the advertisement for the Creative Team procurement did not materialise today due to the delay with the approval by the Finance Division. I would like to highlight that this has caused us to miss another crucial day in our procurement process. Nevertheless, we do hope that this advertisement can be up in the e-Perolehan tomorrow.

If this is the case, then the earlier planned briefing to the interested tenderers on 13 April 2023 has to be postponed to 14 April 2023 to allow the interested parties reasonable time to digest the requirements. We would appreciate your kind assistance in reverting to us with the latest status of this Tender and the possibility of postponing the briefing to **14 April 2023**, if the advertisement will be published tomorrow.

Thank you.

Regards,

**Shamilah Perumal (Ms.)**

MITI
