Dear Puan,

May I refer to the discussion held on 19 August 2024 regarding the proposed **Industrial Cooperation Forum on Semiconductors** with the Republic of Korea (ROK).

2. To recall, one of the decisions of the meeting was for the East Asia Unit to engage with the Embassy of ROK on the new proposed date i.e. mid-October. We have met with the Embassy on 28 August 2024 and they have **agreed** on a new proposed date of **8 November 2024** (based on YBTM's schedule). They also note that **the forum will be held at the MITI Tower**.

3. We emphasised our interest in advanced packaging and integrated circuit (IC) design to the Embassy and they also suggested focusing on research and development (R&D) cooperation particularly in materials, parts and equipment. The ROK will present our topics of interest to their HQ and revert with their proposed topics to be discussed or presented upon receiving approval from their HQ.

4. In addition, we have also informed them that **a preparatory meeting** would be scheduled **between the ROK Embassy and BPI** to further discuss this proposed Forum. In this regard, we **seek BPI's availability** to arrange for the meeting with the ROK, to be chaired by PPI(BS).

Forward the above for your kind **information and consideration**, please.

Thank you.

Salam hormat,
Zaharah Mohammad Izat
East Asia Unit
BETR
